

Jouka ball valves

Jouka is an agile ball valve manufacturer with over 60 years of experience. We offer a range of standard valves for various applications, and we're also capable of tailoring a valve solution to meet your specific needs. Our flexible production capability and comprehensive component stock enable quick delivery throughout Finland, directly from our factory in Ylöjärvi.

Our inventory includes solutions for pressure ranges between PN10-PN40 and temperatures between -55°C and $+300^{\circ}\text{C}$.

- Aluminum ball valves
- Stainless steel ball valves (304L)
- Acid-resistant ball valves (316L)
- Acid-resistant ball valves (904L)
- Duplex ball valves
- SuperDuplex ball valves
- Titanium ball valves
- Sample-taking valves
- 3-way valves
- ATEX valves

Our factory in Ylöjärvi also supplies valves with actuators, limit switches, position indicators, and solenoid valves. The need for valve automation is rising – and we can meet it.

Our inventory includes well-known and trusted brands like IFM, Festo, Bürkert, Bernard, Asco Numatics, Sirca and WM.
